## **Lovejoy Health Center welcomes Nichole Kimborowicz, PA**

ALBION—The staff at Lovejoy Health Center will be welcoming Nichole “Nikki” Kimborowicz, PA to the practice this summer. Nikki obtained undergraduate degrees from Sacred Heart University, CT and the University of Southern Maine in Biology and Nursing, respectively. In addition, she recently received a Master of Science in Physician Assistant Studies from the University of New England. Her clinical areas of interest include gerontology, family medicine, chronic disease management and Medication Assisted Treatment (MAT). She brings experience both as a certified nursing assistant and registered nurse in residential settings to the practice.

Nikki recently shared: “When applying for jobs as a new graduate PA, I knew that I wanted to join an organization that provided compassionate, community-based, patient-centered care with an emphasis on interdisciplinary collaboration. It is evident that Lovejoy does exactly that. I am excited to practice medicine in an environment where I will be able to see patients of all ages and continue to grow as a new clinician in such a supportive atmosphere.”

Nikki will be joining physician Dean Chamberlain, physician assistants Bobby Keith and Cory Miller, family nurse practitioners Kaitlynn Read and Keiko Kurita, psychiatric mental health nurse practitioner Marta Hall, and clinical social workers Deb Daigle and Brandy LeClair.

Lovejoy Health Center is part of HealthReach Community Health Centers, a group of eleven Federally Qualified Health Centers in Central and Western Maine. Dedicated clinicians deliver high quality medical and behavioral healthcare to citizens in over 80 rural communities. To ensure access to everyone, HealthReach accepts Medicare, MaineCare and major insurances. In addition, an Affordable Care Program is available to uninsured and underinsured residents as well as assistance with applications for programs that help with the cost of healthcare and medications, including the Health Insurance Marketplace.

A private non-profit with a 45-year history, HealthReach is funded by patient fees, grants and by the Health Resources and Services Administration (HRSA) of the U.S. Department of Health and Human Services (HHS) as part of an award totaling \$4,580,070 with 82.5 percent financed with non-governmental sources. The contents are those of the author and do not necessarily represent the official views of, nor are an endorsement by, the HRSA, HHS or the U.S. Government.
